Homepage

The screenshot shows the homepage of the Job Center of Wisconsin. At the top, there is a navigation bar with the logo on the left and links for MyLMI, Online Workshops, Resources, and Help on the right. A 'Login' button and a 'Create a Logon' link are also present. Below this is a secondary navigation bar with 'Home', 'Employers', 'Job Seekers', and 'Featured Industries'. The main content area features a large banner for 'Virtual Workshops Available' with a photo of a woman working at a computer. To the right is a 'Quick Job Search' section with input fields for job title and city/zipcode, and a 'Search Now' button. Below the banner are three columns of services: 'Employers' (Post Jobs, Search Resumes), 'Job Seekers' (Create/Edit Resume, Search Jobs), and 'Labor Market Exploration' (Skill Explorer, WisConomy). A footer section contains icons for Workforce Events, Job Loss Resources, Education & Training, Unemployment Insurance, Veteran Services, and Job Center Locations. A large blue arrow points downwards on the right side of the page.

1 Verification 2 Contact 3 Status 4 Profile 5 Confirmation

* Required Fields

Your Social Security Number (SSN) is needed for federal reporting. It will be treated in a secure and confidential manner and will never be shared with employers. You must enter your CORRECT Social Security Number, which will help us serve you better.

This is especially important if you:

- are a military veteran
- want individual help from a Job Center
- need assistance with training
- are receiving Unemployment Insurance or other public assistance. If you knowingly provide the Department with a false SSN you will be ineligible for unemployment insurance benefits. You will remain ineligible until the week in which you provide your correct SSN.

Verification:

* Social Security Number - - Why do we ask for this?

* Re-Enter Social Security Number - -

I do not want to provide my Social Security Number at this time.

* Date of Birth / / mm/dd/yyyy

* Gender

Social Security Number is not required, unless filing for Unemployment

Resume Posting Tool

The screenshot shows the 'Resume Posting Tool' page on the Job Center of Wisconsin website. The page is titled 'Hi, Curtiss' and includes navigation links for 'Home', 'Employers', 'Job Seekers', and 'Featured Industries'. The main content area is titled 'Résumé Posting Tool' and explains how it works in three steps: 1. Use the tool to create a résumé, 2. Upload or provide a website address for the résumé, and 3. Choose the résumé to display. It also provides tips for creating an accurate and impressive résumé, such as being thorough, uploading in .doc, .docx, or .pdf format, and creating a References list and a Cover Letter. At the bottom, there are tabs for 'Résumés', 'References', 'Cover Letter', and 'Employer View', with an 'Add' button and 'Preview/Print' and 'Email' options. The footer includes the State of Wisconsin DWD logo and the text 'A proud partner of the americanjobcenter network'.

Résumé Posting Tool

How does it work?

1. Use the Résumé Posting Tool to create your résumé. This is how employers will find you. When employers are searching résumés, the matching tool is comparing the employer's search criteria to the information you enter in Steps 1-5 of the résumé builder, not to your uploaded résumé.
2. After creating your résumé, you can upload your own résumé to share with employers, or provide a website address where your résumé is stored.
3. Choose the résumé you want employers to see.

Tips for creating an accurate and impressive résumé:

- Be thorough! The more information you put in the résumé, the more likely it will rise to the top.
- Once completed, you can post your résumé in one of these ways:
 - Upload your own résumé in .doc, .docx, or .pdf format.
 - Post a link to a website such as your LinkedIn profile.
- You can email your résumé or work application to employers.
- Create a References list and a Cover Letter, which can be printed or emailed to an employer.

Select the Add button to start a new résumé.

To work with an existing résumé, select the checkbox to the left of the Reference Number. Next, select a button to perform that function for the selected résumé. If a button is inactive or 'grayed' out it means that function is unavailable for the résumé you selected.
